Afternoon Student Pick-Up Times:

Wednesdays: 2:15

Students need to be picked up on time. There is no supervision after classes end. After three late pick ups your child may be excused from the 21st Century Afterschool Program.

**Please understand that the campus is open and easily accessible. It is located across from the park which often has many guests who are there for the park events. We do not always know who is passing through or coming onto the campus. We cannot have our students left on campus unattended. Should you need supervision for your child beyond the 21st century classes, please inquire at the office- about our A+ program. Thank you for your support and understanding.*

If you have any questions or concerns, please feel free to contact the 21st Century Office at 808-305-2083.
